

Hi Jayne, I'm Vinh, who was with you and our group in Flinders Range. I want to write some feedback about the trip. Could you please send this forward to where it should be. If any incorrect words, please fix it for me. Thankyou.

Flinder Range trip is the first time I have participated in an Australian trip and travelled a long way far from the city. Initially I was a bit nervous and not really interested. But my feeling have changed after I met friendly people on the bus and a responsible guider. We walked, cooked, ran away from flies, took photos, gathered around the firewood and watched the Milky Way. We become more confident and responsible when helping each other. The time passes so quick, but it is enough to keep the memories inside my heart. A trip makes changes to my life.
