

Hello Jayne:

The attachment is a compressed file of some photos from the flinders ranges. I'm sorry for the delay. Got too busy since came back. I really enjoyed the trip which gave us a real bite of the outback. I love the scenery, the peace, the camp fire, the delicious food and your company. I had a really good time, meeting friends and escaping from routine. And it was all affordable! I definitely would like to join trips like this in the future.

Thank you

Zhangli
