

I have known Jayne for five years in my capacity at the University of Adelaide's International Student Support office. Over this period, we have helped to promote trips hosted by Jayne's tour group, Words on Wheels, to our international students. I have found Jayne to be always responsive, professional, flexible, and dedicated to the experience of international students living in South Australia. Over the years many students have reported greatly enjoying the trips arranged by her tour group, and in the future we intend to continue promoting her tours to our international students.

All the best.

Kind regards,

--

Owen Lindsay
