To whom it may concern

Words on Wheels has been a reliable and trusted partner of International Student Services since 2014 conducting Kangaroo Island tours, Barossa Valley and Victor Harbor day trips for the international student community at Flinders University on an annual basis. These tours were exclusively offered to international students at Flinders University and their friends and family members.

Proprietor Jayne Vaughton and her team have been outstanding tour guides providing exceptional experiences for many groups of international students studying at Flinders University. Jayne regularly organised interesting itineraries showcasing the beauty and variety of regional South Australia to our student groups. Over the years Jayne Vaughton has proven to be a very flexible tour operator catering for all dietary requirements of a very diverse student community and accommodating special accommodation requirements of students without surcharge.

I have no hesitation recommending Jayne Vaughton and Words on Wheels to anyone looking for a small tour company with the passion to provide exceptional experiences for student tour groups in South Australia and look forward to continue offering more tours to our international students organised by Words on Wheels once the COVID-19-related travel restrictions have been lifted.

If you require further information please don't hesitate to call me on 8201 2989 or email me at klaus.koefer@flinders.edu.au.

Yours truly

Klaus Koefer
Client Services Officer (Arrivals and Program Support)
