To whom it may concern,

Words on Wheels Australia is a South Australian owned and operated tour company approved to provide touring experiences to international students enrolled in the South Australian Government Schools International Student Program. In that capacity, the company has contributed to the lifelong memories our international students gain during their time studying in South Australia.

Words on Wheels Australia provides international students from all over the world a chance to experience remote areas of South Australia, such as Kangaroo Island, Yorke Peninsula, Flinders Ranges and the Naracoorte Caves. These tours offer international students the opportunity to experience something uniquely South Australian, hosted by expert guides with a vast knowledge of South Australia's history, culture and landscape.

The tours have an educational and environmental focus, helping international students to learn about South Australia whilst improving their English language skills and making new friends. Words on Wheels Australia is highly experienced in running specialised tours that cater for the needs of international students. They understand that international students are learning English, and have extensive experience communicating with teenagers and young adults.

As an approved South Australian Government Schools tour provider, the company complies with all mandatory components of caring for children, including current Working with Children Checks (WWCC) and a remote first aid certificate.

The many positive testimonials from our students demonstrate that Words on Wheels Australia has helped them to make many fun and happy memories in South Australia. We appreciate the company's passion for showcasing our state and giving international students the opportunity to experience remote locations under a professional level of care and expert knowledge.

Kind regards

A handwritten signature in blue ink that reads 'M. Sleath'.
